

MULTI PROCESSOR

CRUSHER – MC150-II MC200-II MC200-II
PULVERIZER – MP150-II MP200-II MP300-II

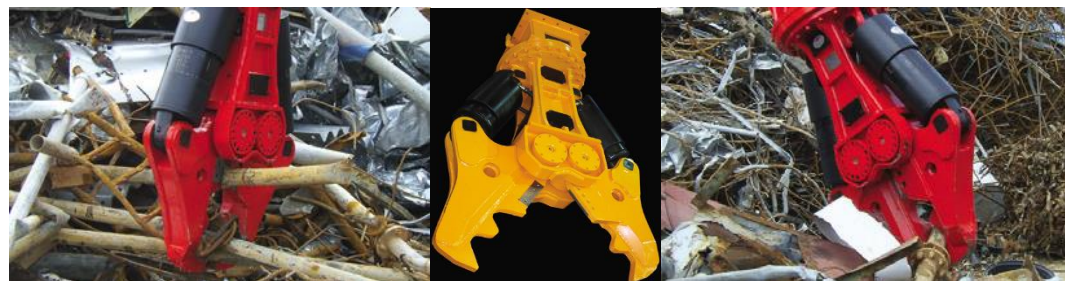

MP200-II

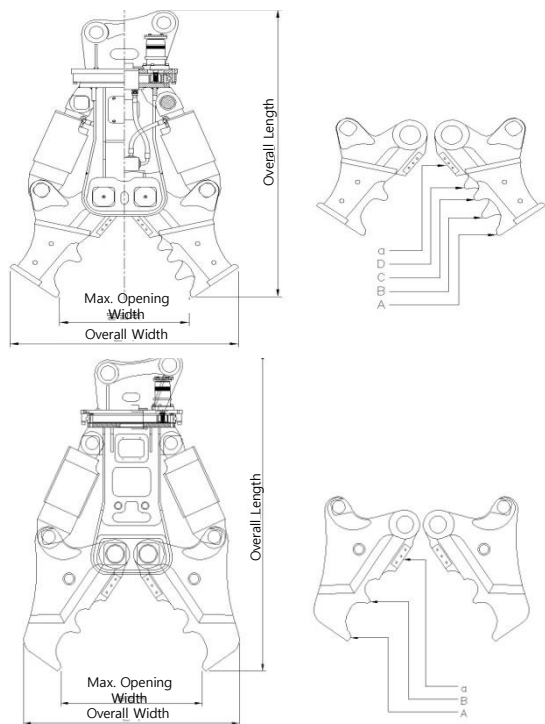

MC200-II

MP300-II

MULTI PROCESSOR- MC & MP SERIES

FEATURES

- ◆ 360° rotation by hydraulic motor, lower noise, easy and accurate movement for limited space.
- ◆ Single main Pin-easy and simple detach and storage.
- ◆ Applicable Multi-Use (3 Jaws for 1 Body) easy to replace jaws for all purpose (Crusher, Pulverizer, Shear, Concrete Crusher)
- ◆ Different jaw types are available
- ◆ Handy maintenance and serviceability durable special heated treatment bush and easy to replace.
- ◆ Applicable for steel cutting-effective 4 side steel cutter.
- ◆ Enhanced cutting force-30% more power.
- ◆ Synchronizing actions-cutting concrete and steel at the same time.
- ◆ Maintenance easy

SPECIFICATION

MC : Crusher
MP : Pulverizer

Model	Unit	MP150-II	MC200-II	MP200-II	MC300-II	MP300-II
Weight	kg	1,230	1,680	1,760	2,630	2,800
Overall Length	mm	1,830	2,218	2,197	2,624	2,631
Overall Width	mm	1,200	1,354	1,541	1,773	1,869
Max, Opening Width	mm	800	886	872	1,163	968
Cutter Length	mm	160	180	180	200	200
Crushing Force at the end of jaw	ton	35	57	51	93	91
Cutting Force	ton	85	110		175	
Operating Pressure	kg/cm ²	280	300		320	
Oil Flow Rate	LPM	200~250	200~250		250~300	
Suitable Excavator	ton	12~18	18~26		26~40	
Speed-Up Valve	N/A	Option	Option		Option	
Motor Setting Pressure	kg/cm ²	160	160		160	
Motor Oil Flow Rate	LPM	36~40	36~40		36~40	
Revolving Speed	RPM	13~15	13~15		13~15
